

## Minutes of the January 25, 2005 B & C meeting

Meeting convened at 6:45 Pm in the Lee County (High School) Library, ten members were present, John Miller, Terry Wolfley, Nolan Joseph, Damon Shelor, Mary Scofic, Eugene Borosch, Conchita Borosch, Jerry Clement, Audrey Brown, and Barbara Joeyen.

Members discussed the difficulty of making a 6:00 meeting and all decided that 7:00 was easier.

Several made comments that the area needs clean up.

Chairman Miller initiated the need to formulate our mission statement and several trials were attempted calling for action to begin to beautify the community and everyone's desire to have a positive effect on the scene here. We realized the need to focus on doing the work of the Planning Program first and finally decided on a statement to that affect. Mr. Clement summarized the consensus and we agreed on the following simple statement:

**“The mission of the Beautification and Conservation Subcommittee is to present its recommendations to the Planning Corporation to enhance and maintain the appearance of Lehigh Acres.”**

John reminded the committee of the opportunity for members to consult with the Water and Sewer Utility's representative Mike Currier. Terry Wolfley was appointed lead for the party to go including most of the subcommittee. The group will see if nice foliage and deco may make this Lift Station at Leeland Heights and Homestead look presentable.

Next the subcommittee decided that a third Thursday of each month was an agreeable date for future Lehigh Pride Team meetings. Damon Shelor volunteered to locate a meeting place for the future and report back.

John advised that the next business towards completion of our work is to reach all interested associations and people wishing to make statements and presentations to our subcommittee for compiling community sentiment. We are also to invite new members to be part of our work. Members are to bring a list of potential people to survey and we will assign members to divide the list in parts and contact everyone. We will also accept written requests from the public.

Many good ideas to attract the public's attention were discussed prior to adjournment and several will be followed by private means. Barbara Joeyen will bring an essay on Beautification.

Respectfully submitted, John C. Miller, Chair

**Lehigh Pride Team**
